CONTEST RULES

1. You do not have to be a member of IPMS/USA to compete. Models **WILL BE HANDLED** during judging, but the utmost care will be used to prevent any damage to models. IPMS Phantom Phlashers do not accept or assume responsibility for any loss or damage to models
 2. Models will be judged for skill in **CONSTRUCTION, FINISH, REALISM, SCOPE OF EFFORT, AND ACCURACY**. Any conflicts in judging will be resolved by the head judge. Judges' decisions are final.
 3. **MODELS MUST BE THE SOLE WORK OF THE ENTRANT**. Die-cast or professionally built models are not allowed.
 4. Models should be entered in the appropriate category. Markings will determine the category in which a model is entered. A model may not be entered in more than one category. It may, however, be considered for more than one special or theme award. Any question about the proper category for a model will be resolved by the head judge.
 5. Models having received any award at any IPMS/USA NATIONAL CONVENTION or REGIONAL CONVENTION may not be entered in competition.
 6. A model does **not** have to place 1ST in its category to qualify for a special or theme award. However, only 1ST places models will be considered for best of awards.
 7. Contestants must register all models prior to taking them into the contest display area. Complete all registration and entry forms and indicate any special or theme awards the model is eligible to compete for on the entry form. No registrations will be accepted after 12:00 pm. CST.
 8. Any modeler age 17 and under may compete in the JUNIOR categories. Juniors may also compete in any open category, but models so entered will not be considered for any "BEST JUNIOR" awards.
 9. Trophies will be awarded for 1ST, 2ND, and 3RD place in each category, including the Out-of-the-Box category.
 10. The general OOTB approach is to build what came in the kit. There are some exceptions to allow for a more complete model such as the use of aftermarket decals; on aircraft- addition of rigging wires, seatbelts (any type) and antennas; on military vehicles- antennas and closed sponsons; on ships- rigging and deck railings; etc. Modelers must attach the kit instruction sheet to the entry form. Models entered without an attached kit instruction sheet will not be eligible for the out-of-the-box category.
 11. Bases will be allowed in all categories and will not be considered in the judging except in the diorama categories. The model may include primary crew figures but the addition of any other figures or equipment outside or not attached to the model (e.g., support equipment, shell splashes, or buildings) will make the model a diorama, which must then be entered in the proper diorama category.
 12. **Modified No Sweeps**. First, Second, and Third-place awards will be given in each category. Individual contestants are eligible for up to two awards per category entered.
 13. Oversized or special display requirements: Modelers entering pieces that exceed two feet in either width or length, or that require special power support or special placement, must notify the convention contest chairman in advance.
- ## SCHEDULE OF EVENTS:
- 7:00 AM to 9:00 AM: Vendor Setup
