It's more than just plastic...

This year we're going to try something a little bit different.

While COVID has certainly made a mess of things over the last year, we've decided to host a tailgate swap meet that will feature a smaller mini-contest! Come out and join us on May 16—Bring kits you want to sell or trade, pick a parking spot, and set up your tailgate table.

This will be a social distancing event and face masks will be required to participate.

Limited Space. Limited Categories.

Unlike traditional RDU CON shows in the past, this event is much smaller in scope. Because of the limited venue space, we have reduced the overall number of categories and entries. Foot traffic in the contest area will be limited in keeping with current local and state guidelines. We feel that this is the best way to conduct an event, while keeping everyone's safety in mind.

If you're like us, you most likely have been building more than ever before during the pandemic. But in order to provide folks an opportunity to participate in a smaller venue, we're restricting the number of entries per person, with only 1 model per category. This serves 2 purposes: it allows us to work with a smaller space, and it avoids sweeps in any category.

Here's the breakdown:

\$15 Registration per entrant

3 Model limit per person

1 Model per category

*We're planning on 8 categories; for a full list of categories, plus contest rules, eligibility, guidelines, registration and model entry forms, visit our website www.ipmseaglesquadron.org/minicon-2021

*Additional categories may be created prior to contest at the discretion of the contest committee. See website for the latest. Head judge reserves the right to create limited category splits.

PLEASE NOTE While we've tried to provide easy directions to the event, it is suggested to google map from your specific location to ensure the best route.
